LETRS

Volume 1 Cohort

What is LETRS?

Language Essentials for Teachers of Reading and Spelling (LETRS) enables teachers to implement the Science of Reading (SOR) research in their classrooms, equipping them to teach language and literacy skills to every student, regardless of the curriculum or program used by their district.

Volume 1 is part of a two year training program. Volume 2 will be offered 2027-28

Don't take it from us. Take it from Sarah.

[This training] has completely **changed the way I think about reading and spelling instruction, and I've already seen such a positive impact on my students.**

One of my favorite parts has been being able to bring what I'm learning back to my teammates so we can continue growing together and better support our students.

I also **have to give a huge shout-out to Carrie Brockway. She is an incredible instructor—** genuinely passionate about helping educators succeed.

She creates such a positive learning environment and makes even the most complex topics feel approachable and practical.

Cohort Overview:

OCTOBER 2026 - MAY 2027
